Message from Principal

“Education is for improving the lives of others and leaving your community and the world better than you found it”—Marian Wright Elderman .

True education goes beyond dissemination of knowledge and acquisition of skills. It is all about how it moulds your character, shapes your thinking and prepares you for a future. This institution established on the principles of Vaishnavism, aims at inculcating in the minds of the youth not just intellectual curiosity but also the spirit of tolerance and humaneness. Today, the college has seen a phenomenal growth and is poised for achieving greater glory. Now is the moment to reckon with. The spiralling growth registered over the years has to be sustained and quality assurance should be the top most priority. It is through the concerted efforts of the management, principal, teaching fraternity and the admin staff that we have been able to create new bench marks for ourselves, to be recognized and acknowledged as one of the premier centres of higher learning. The exemplary prowess shown by the students in curricular and co-curricular activities is sure to enable us to realise our potential and transform the vision of the college of imparting quality education into a reality.

"All our dreams can come true, if we have the courage to pursue them"—
Walt Disney

Dreams may seem to be far removed from reality. They may seem impossible and improbable. But little do we realize that all of us have in us the strength, patience and the passion to fulfil our dreams. The vision and dreams of a few kind hearted philanthropists and educationists, led to the founding of this institution. The hard work and perseverance of the successive members of the management and the academicians have enabled the institution emerge as one of the much sought after colleges in the city. It is now our duty and responsibility to carry forward this dream and with steadfast faith and determination redefine the standard of excellence, strengthen the spirit of solidarity and celebrate the power of knowledge to transform the society.
